3. List all subject properties by property address and/or tax key parcel number. If a full property address is not available including a house number, provide the tax key parcel number:

	Tax Key Parcel Number	Full Property Address
1.		
2.	95-4-219-291-0100	SW Corner of 376th Ave. and 31st Street (farmland)
3.

Project Number(s):

4. Provide a written summary of your proposed project and reasons for pursuing said project:

Proposed expansion for mining of glacial sand and gravel. Uses include mineral extraction, farming and land reclamation back to agricultural use upon completion. After 25 years of mining, the currently permitted site is running out of reserves. This parcel is adjacent to the existing mine and will extend the life approximately 2 to 4 years.

5. If you are submitting a Comprehensive Land Use Plan Map Amendment Application (COMP), work with Planning & Development staff to prepare and attach a map of the subject area showing current land use plan map designations and a map of the subject area showing proposed land use plan map designations.
6. If you are submitting a Rezoning Application (REZO), work with Planning & Development staff to prepare and attach a map of the subject area showing current zoning map classifications and a map of the subject area showing proposed zoning map classifications.

Note: Agricultural Use Conversion Charge

The use value assessment system values agricultural land based on the income that would be generated from its rental for agricultural use rather than its fair market value. When a person converts agricultural land to a non-agricultural use (e.g. residential or commercial development), that person may owe a conversion charge. To obtain more information about the use value law or conversion charge, contact the Wisconsin Department of Revenue's Equalization Section at 608-266-2149 or visit <https://www.revenue.wi.gov/Pages/SLF/useval-uvindx.aspx> or <https://www.revenue.wi.gov/Pages/FAQS/slf-usevalue.aspx>.

Note that the act of rezoning property from an agricultural zoning district to a non-agricultural zoning district does not necessarily trigger the agricultural use conversion charge. It is when the use of the property changes from agricultural that the conversion charge is assessed.

7. If you are submitting a Conditional use Permit Application (CUP), work with Planning & Development staff to prepare and attach a code excerpt from [Section 12.29-8](#) of the Kenosha County General Zoning & Shoreland/Floodplain Zoning Ordinance regarding applicable standards to your proposed use. Any conditional use permit application is subject to formal site plan review pursuant to [Section 12.08-2](#) of the Kenosha County General Zoning & Shoreland/Floodplain Ordinance.
- Proposed Use: Sand & Gravel Mining

Draft certified survey map, preliminary plat and/or final plat should be prepared compliant with applicable requirements stated in the [Kenosha County Land Division Ordinance](#).

10. If you are submitting a Comprehensive Land Use Plan Map Amendment (COMP), Rezoning Application (REZO), Land Division Application (CSM or PLAT) or a Conditional Use Permit Application (CUP) your project may be subject to sections of the Kenosha County Sanitary Code and Private Sewage System Ordinance that require a professional evaluation of existing private on-site wastewater treatment system(s) (POWTS) by a hired master plumber and/or professional soil borings by a hired professional soil tester in order to confirm site suitability for a future planned POWTS. Depending on the results of these required hired professional evaluations, existing non-compliant POWTS on the subject property may be required to be replaced or proposed lots may be deemed unbuildable and therefore not be able to be created as part of your land division application.

Any required POWTS evaluations or required soil borings must be submitted to this office prior to or with the formal submittal of this application document. If an existing non-compliant POWTS must be replaced, then this application document will not be accepted until the required sanitary permit and associated application fees for said sanitary permit are submitted to this office.

- a. Number of lots/parcels being created (Do not include outlots or the remnant parcel unless it is 35 acres or less)

0

- b. Review Fee = Number from above x \$75

- c. Does the original parcel have any existing dwellings or buildings served by private on-site wastewater treatment (septic) systems?
No
- d. Are these systems older than July 1, 1980?
N/A
- e. If you answered yes to questions 3 and 4, this existing septic system must go through an evaluation to determine compliance with SPS 383.32 of the Wisconsin Administrative Code or may need to replace the existing system with a code compliant one as part of this land division procedure. The Sanitary Permit for the replacement system must be issued prior to applying for approval of the land division with the Division of Planning & Development.
- f. Certified Survey Maps (CSMs) must have complete soil and site evaluations for all proposed lots including any remnant parcel 35 acres or less. For CSMs involving structures served by private sewage systems the existing system and all treatment tanks shall be located and shown on the survey and must be evaluated for compliance with SPS 383.32, Wisconsin Administrative Code. Existing systems older than July 1, 1980 and in suitable soils shall be required to have a soil and site evaluation conducted to establish a replacement area for a future private sewage system. This area designated for a future system shall be shown on the survey and must meet all setback requirements and be within the boundaries of the newly proposed parcel.
- g. Preliminary plats must follow the soil and site evaluation requirements as stated in Chapter 15.07 of the Kenosha County Sanitary Code and Private Sewage System Ordinance. Final plats on clayey glacial till soils will be required to have complete soil tests conducted and have the soil boring locations on the plat. 8. For further information and details of these procedures you may contact a sanitarian in the Division of Health Services or at 262/857-1910.

11. Application fees will be assessed at time of submittal. See [Fee Schedule](#).

Note: Agricultural Use Conversion Charge

The use value assessment system values agricultural land based on the income that would be generated from its rental for agricultural use rather than its fair market value. When a person converts agricultural land to a non-agricultural use (e.g. residential or commercial development), that person may owe a conversion charge. To obtain more information about the use value law or conversion charge, contact the Wisconsin Department of Revenue's Equalization Section at 608-266-2149 or visit <http://www.revenue.wi.gov/faqs/slf/useassmt.html>.

Note that the act of rezoning property from an agricultural zoning district to a non-agricultural zoning district does not necessarily trigger the agricultural use conversion charge. It is when the use of the property changes from agricultural that the conversion charge is assessed.

When a person converts agricultural land to a non-agricultural use (e.g. residential or commercial development), that person may owe a conversion charge. To obtain more information about the use value law or conversion charge, contact the Wisconsin Department of Revenue's Equalization Section at 608-266-2149 or visit <http://www.revenue.wi.gov/faqs/slf/useassmt.html>.

Note that the act of rezoning property from an agricultural zoning district to a non-agricultural zoning district does not necessarily trigger the agricultural use conversion charge. It is when the use of the property changes from agricultural that the conversion charge is assessed.
